The Alphabet — the elements of words.

Lines, curves, and circles form twenty-six letters from which innumerable words spring forth.

Yet, the linguistic elements follow rules —
i before e except after c
q followed by u
y changed to i before adding es
which govern the behavior of letters in language.

ocdefghijklmnopqrstuvwxyzabcdefghijklmnopqrstuvwxyzabcdefghijklmnopqrstuvwxzyabcdefghijklmnopqrstuvw

cdefghijklmnopqrstuvwxyzabcdefghijklmnopqrstuvwxyzabcdefghijklmnopqrstuvwxyzabcdefghijklmnopqrst<mark>uvw</mark>:

odefghijklmnopqrstuvwxyzabcdefghijklmnopqrstuvwxyzabcdefghijklmnopqrstuvwxyzabcdefghijklmnopqrstuvw

Some letters stand alone or with another,

valuable elements of truth in a realm of permutations -

the I of selfishness,

the constants a, b, c or the variables x, y, z

of an algebra equation,

the A of excellence and the F of failure,

the points A, B, C of an outline,

the X of the unknown, the forbidden,

and the XP of the Total Reality,

the beckoning Savior of mankind. Letters, alone or with another, in their simplicity

are conveyors of truth to those who seek it.

cdefghijklmnopqrstuvwxyzabcdefghijklmnopqrstuvwxyzabcdefghijklmnopqrstuvwxyzabcdefghijklmnopqrstuvw

Some letters are silent, yet affect the sounds of the letters surrounding them. At Andrean and beyond, some remain obscure. These "silent letters" in our midst, however, touch our lives as friends and as examples of a less hurried, more pensive life. They are part of the Body of Christ, of which "even those members which seem less important are in fact indispensable."

c<mark>defghijklmnopqrstuvwxyzabcdefghijklmnopqrstuvwxyzabcdefghijklmnopqrstuvwxyaabcedefghijklmnopqrstuvw</mark>

bcdefghijklmnopqrstuvwxyzabcdefghijklmnopqrstuvwxyzabcdefghijklmnopqrstuvwxyzabcdefghijklmnop<mark>qrstuv</mark>v

<mark>cd</mark>efghijklmnopqrstuvwxyzabcdefghijklmnopqrstuvwxyzabcdefghijklmnopqrstuvwxzyabcdefghijklmnopqrstuvw

Our lives are a maze of letters that each of us must arrange and combine within the limits imposed. Our experiences at Andrean — and elsewhere — help us to decipher an often nonsensical world.

AHFTI or FAITH PHOE or HOPE VOEL or LOVE

We take our experiences — our learning — and synthesize them into a plan for living — and ultimately, a plan for eternity.

ocdefghijklmnopqrstuvwxyzabcdefghijklmnopqrstuvwxyzabcdefghijklmnopqrstuvwxyzabcdefghijklmnopqrstuvw

Each person perceives different meanings for the same combinations of experiences. To a Frenchman, PAIN is nourishment, the bread of life; to us PAIN is suffering, the agony of the cross. The enlightened man—the educated man—can transcend such human differences, the failure of Babel, to discover a universal plan which united all.

pcdefghijklmnopqrstuvwxyzabcdefghijklmnopqrstuvwxyzabcdefghijklmnopqrstuvwxyzabcdefghijklmnopqrstuvw

bcdefghijklmnopqrstuvwxyzabcdefghijklmnopqrstuvwxyzabcdefghijklmnopqrstuvwxyzabcdefghijklmnop<mark>qrstuv</mark>v

 ${\it cdefghijklm}$ nopqrstuvwxyzabcdefghijklmnopqrstuvwxyzabcdefghijklmnopqrstuvwxyz abcdefghijklmnopqrstuvw:

Through the alphabet, we, as students of Andrean and of the world, can journey back into time and mind of the past. Virgil, Dante, Shakespeare, Newton, Rousseau — all are as much a part of our lives as they were of their contemporaries'. We, too, as the intellects of today, leave a legacy to future generations with every word, every letter, we write. Ultimately, however, we hope to transcend the human alphabet — and human institutions — to receive our eternal reward.

CADEMICS

October of 1979 brought the Servant of the Servants of God to the United States. The friendly and magnetic personality of Pope John Paul II drew vast crowds in New York, Philadelphia, Dubuque, Chicago and Washington, D.C. Some Andrean students (Mary Beth Bonta and Sue O'Connell among them) joined the thousands who participated in a Mass in Grant Park in Chicago. The thrill of seeing the white-robed Holy Father against the ice-blue waters of Lake Michigan was the first miracle; Lake Shore Drive without traffic was the second.

Andrean's Administration is a combination of executive, policean, and parent all rolled into one. The people in the top have combined steadfast leadership with an authentic interest in the students to make this year successful. Working closely with the Student Council, Principal Father Benwitz has made student life better, more interesting, and for some more bearable. Assistant Principals Father Ward and Sister Christopher keep the school — and the students — in line. Through good times or bad, the Administration seems to get all the blame, but in fact, they deserve all the credit — credit for piloting Andrean to where it is todded.

Library

Where can you find Edward Albee, Leonard Bernstein, Pope John Paul II, Bruce Catton, and Carl Sagan all in one place? The library, of course. The Andrean library is a veritable gold mine of information for students, and has an indispensable Audio-Visual Department for teachers. Whether one wants to catch up with the Student Council, research the Civil War, or settle down with a newspaper, the library is the place.

Guidance

For those problems, both academic and personal, that no one else seems to be able to help with, the Guidance Department is there. With its vast resources of college and vocational information comes the most important part—a large store of experience found in three dedicated counselors. Is there anyone who could meet deadlines for applications, scholarships, and Senior Board exams and still have enough time to guide the rest of the students through the storms of high school? An Andrean Guidance Counselor, of course.

Theology

The Theology Department is to most people merely the frosting on the cake of Academics—it's nice, but not really necessary. At Andrean, this misconception is smashed by thorough curricula and dedicated teachers. The classes cover the Bible, psychology, and the study of faith and morality, and in each one, the students have the opportunity to meet Christ. We at Andrean know that Theology is actually the cake, the foundation of all human understanding and knowledge, and Academics is the icing, an extension of the understanding of our relationship with God.

Without the cake, the icing is nothing.

English

How can human beings, whose contacts with the world are so brief, limited, and personal, know as much as they know? Deep inside the tangle of metaphysical answers there lies a simple one — our extensive knowledge depends on the ability to understand and use our language effectively. The great importance of this statement isn't lost on the teachers of Andrean. The Faculty demands basic good writing skills, and introduces some works of the great writers and thinkers, ancient to modern. Through four years of reading, writing, and reasoning, the student gathers skills as valuable in everyday life as they would be in a college career. Some students get a jump on that career by taking the College Composition course from Purdue and earning six college credits.

Language

It's the age of internationalism! Come out of the closet and learn about your neighbors in other countries. Opportunities abound in the Andrean Language Department. Students can sharpen their tongues in French, Spanish, or German, while learning culture and literature as well as basic grammar and writing skills. Latin is offered to those having a more classical taste. Here, students read works of the great ancient writers in an attempt to understand and appreciate the classical foundations of the Western world.

Science

From the creation of a snowflake to the fusion of an atom, science reveals itself to be an awesome, ever-changing thing. It doesn't stand still for students to peer into its mysteries. It taunts, teases, and demands dedication. Teachers of science at Andrean strive to instill that dedication into their students. Social Studies

And History, with all of her volumes vast, Hath but one page. — Lord Byron

Ask someone studying for a Social Studies test if History hath but one pagel Yet it's all worthwhile in the end because the Social Studies Department offers valuable insights needed to help us understand the strange and fascinatiing world we live in, past and present. The students of Modern World History, U.S. History, and U.S. Government discover that hindsight is much easier than foresight when dealing with historical events and situations. Business

Caveat Emptor! Let the buyer beware! This is indispensable wisdom for the common man, but for Andrean Business scholars — well, they're prepared! Courses such as Business Law, General Business, Accounting, and Marketing arm the student with basic knowledge needed for an active role in the business world. Typing, Shorthand, and Secretarial and Clerical Office Practice are offered for sharpening clerical techniques. Music

Music is the escapism of the people. No, Marx didn't say it, but it is a true statement. It doesn't mean escapism as in running away, but as in letting out, releasing talents, feelings, and creativity for your own and other's enjoyment. The Andrean Music Department can supply this escapism to everyone—from talented performer to appreciative spectator—through Beginning Band, Beginning Choir, Concert Band, Concert Choir, and Music Appreciation. Fine Arts

Man is man because he has the power to create. While lower animals are forced by instinct to spin a web or build a nest, man can take independent parts and create a beautiful whole — and just for the sake of art. Andrean's Art and Industrial Arts courses provide opportunities for the student to do justice to his creative abilities. These take the form of courses in Design-Drawing, Painting-Graphics, and Ceramics-Sculpture. The wide spectrum of offerings assures the student of room to explore and specialize. The Industrial Arts curriculum instructs would-be designers, decorators, and industrial engineers in the disciplines of drawing, design, woods, fiberglass and metals.

"It's not relevant" is a statement which resounds in schools today as students refuse to be taught things which are of no use to them. Home Economics students just smile and remain silent because they are learning to sew their own clothes and cook a well-balanced meal. Home Economics has a certain universal appeal for all Andrean students who wish they could pop by for just a minute when the Foods class has cookies in the making.

TUDENT LIFE

R ELIGIOUS ACTIVITIES

Every minute of every day at Andrean provides opportunity for some type of growth, whether it be academic, social or spiritual. The spiritual life of an Andrean student includes retreats, penitential services, and opportunity for daily Mass and Holy Communion. But perhaps just as important is the availablity of people to talk to, who will listen with a genuine concern and offer advice when needed. Andrean doesn't attempt to impose religion, or force people to "be religious. A faith must be fostered, but only gently nudged — the final decision is a personal one. Andrean simply offers a nudge through the many religious activities.

OMECOMING

On October 19th months of hard work and planning paid off in a healthy homecoming victory and a royal half-time show. On that unusually mild night, the Fifty-Niners rallied against the Wirt Troopers to a 21-14 victory. The homecoming parade which left from the Greek Hall at 6:30 gave main-line Merrillville a look at the red and gold spirit of Andrean fans' floats and cars. The performances of the marching band, pom pon girls, and flag and rifle squads injected school spirit into an already electric atmosphere at half-time. The climax was an especially memorable one for Alane Cooke who was crowned as 1979 Homecoming queen. For those involved, the excitement of the weekend was paralled only by the visit of Pope John Paul II two weeks before which had pre-empted the original October 5th homecoming date.

DANCE

Silk moons and miniature personalized shoes set the stage for the annual Homecoming Dance, "Dancing in the Moonlight," on October 19, 1979. Elated by a homecoming victory the couples filled the moonlit dance floor with animation. Everything from rock to disco was provided by "Nine Lives." The band even dedicated a special song "You Are So Beautiful," to honor homecoming queen Alane Cooke and her court. Long after the October moon faded into dawn, memories of the dance lingered.

OTHER-SON NIGHT

October 28, 1979 saw the beginning of a new tradition at Andrean: the first annual Mother-Son Dinner Dance. One hundred thirty-six couples of well-dressed sons and their proud mothers enjoyed a Chicken Kiev dinner in the cafeteria. From the meal they proceeded to the gym for a display of student talent ranging from skits to classical music. The professionals took over where the talent show left off:

"Bittersweet" played a variety of music to appeal to all the dancers. As if vivid impressions were not enough to remember the evening by, the photographer gave each couple a chance to

ADDY DATE NIGHT

Flowers and hearts created by Sister Daniel and the Business Club graced the tables at the 17th annual Daddy Date Night. On February 3rd, 1980, over 235 girls treated their dads to dinner and an evening of dancing. By 6:15 the gym was filled with high spirited fathers and daughters taking part in a two hour hoedown. Following the Square Dance,
"Bittersweet" provided the ballroom music. The
waltzes were in relaxing contrast to the fast pace of

polka and disco. When the evening was over the four year Daddies walked out with a diploma as a sign that they are now Daddy Date Night alumni.

God's Favorite

In the fall, theater-in-the-round brought Andrean's drama fans close to Neil Simon's God's Favorite. This comedy-tragedy is based on Job, the biblical character. Fred Vaiana played the lead as Joe Benjamin, God's "favorite," who has gone from rags to riches, and then back to rags in a test of his devotion to God. Mike Hite played God's slightly eccentric messenger, Sidney Lipton, sent to test Joe, as well as to warn him of his coming trials. The supporting cast included seniors Karen Yocum, Liz Morgavan, and Herb Caldwell, as well as juniors Brian Sajko and Lucy Rodriguez. Director Father Kelly and the crew worked meticulously to make the play a success, and were well rewarded with a full house and standing ovation.

URNABOUT

Hearts and Cupids transformed a mere cafeteria into a magical wonderland for 180 couples who attended the 1980 Turnabout. Third Power Symphony provided the sound track for the evening. This year's theme "Heart to Heart" was more than appropriate for the February 23rd dance. ROSHMORE NIGHT

A dance-loving crew of Freshmen and Sophomores spent the evening of March 14 in a nautical atmosphere at this year's Froshmore night. The theme "Come Sail Away" turned everyone's hearts to the sea, and "Bitterswet" provided the rock for the ship. An exhausting medley of 50's songs sent everyone rushing to shore (out in the hall) for refreshments. After three hours of dancing on the waves, the evening and the excitement came to an end.

ALENT SHOW

The universal language of music was the unifying element in the 1980 annual Talent Show. From rock band to one-man-band to Spanish guitar, the performers gifted their allers are sudience with the sound of music. Recordings provided the background music for two dances: one Spanish, one disco. Accordions, piano, voice, and organ made their appearances as well, each evoking well-deserved applause. George Kepchar's organ number, coupled with his winning style, even drew an enthusiastic demand for an encore. There was no single winner of the show — all the participants were winners, and the entire student body saw and heard the prizes.

RENCH TRIP

Paris, Versailles, Chartres Cathedral, Chenonceaux, Mont-St. Michel, and London, England supplied some of the most magnificent sights and experiences for 28 Andrean French students who journeyed to Europe during their Easter vacation.

To improve their French speaking skills, gain first-hand experience of a different culture and people, and enjoy the lively sights and sounds of Europe, the students journeyed for a week throughout France and briefly visited England.

The students soon discovered the truth in the words "mot enough hours in a day" as they attempted to fill every minute with European experiences and fun. Trying to communicate with the French people and understand their culture left them with many unique and humorous memories. However, students found some aid in the guiding advice and instructions of Mrs. Hanas, French teacher, and Michael Howard, the American Leadership Study Groups' courier.

PIPPIN

From April 24 to 27, Andrean's stage became a medieval castle for the Drama Club presentation of Pippin. The oldest son of Charlemagne, Pippin promises to stop at nothing short of fulfillment. He dedicates his extraordinary self, in turn, to war, women, and revolution, only to discover that his love for a simple widow and her small son enables him to turn down the finale's sure but short-lived satisfaction. Lively songs and dances provided the "magic" of the play and drew enthusiastic applause for the talented leading characters and the chorus. Ovations were also in order for Father Kelly who directed the musical, Mr. Watts and the pit orchestra, as well as the entire production staff. All aspects of the show came together to make Pippin an artistic, magical treat.

This year the class of '81 swept the boards and took the Armageddon games by storm. A surprisingly strong Freshman class took the first event: Donny Mueller emerged as the fastest pudding-eater in town. The Junior class started their unstoppable march toward victory by winning the class officer obstacle course. Although friendly feuds between the classes were pushed to their limits more than once during these games, all participants were given a chance to vent their emotions in one last showdown. It was a dirty fight to the bitter end — a dirty mud fight, that is! The rainy weather provided the perfect pit for a spirited Tug-of-War. Everyone showed spirit in excess but the class of '81 captured the trophy for the second year in a row. The finale of the games took place at the Sock Hop that night. The Junior class was awarded the Armageddon jug, the Seniors took second place with the Freshmen trailing a close third, and the Sophomores fourth. A special thanks was extended to Father Martin, Sister Sara, Terry Ann Defenser, and Lisa Lopez who organized and ran the games.

PROM

A cloudless evening brought 168 handsomely dressed couples to the Greek Hall "Searching for a Rainbow." The 1980 Junior-Senior Prom started out with music by "Something Old, Something New." By 9:30 everyone began to enjoy Margo's family-style catered dinner. After a half-hour break between Prom and Post Prom, the lively music of "Five Alive" brought everyone to the dance floor again. Leading the way were Richard Gholson and his date, King and Queen for the evening. As May 2nd came to a close, keychains and necklaces inscribed with the words "Andrean Prom '80" were distributed as lasting mementos. The efforts of the entire Prom committee headed by Mr. Listro, Sister Roselle, Miss Kutzer, and Father Kauffman made the end of the Prom's rainbow a pot of gold for all.

RGANIZATIONS

Every Wednesday at 2:45 in the library, the Andrean Student Council provided a forum for the debate of issues vital to the interest of the student body. Under the watchful eyes of Father Martin and Sister Sara, and council planned and conducted the Freshman picnic, several sock-hops, the Turnabout dance, the Christmas and Valentine mailboxes, a W.C. Fields movie night, and the traditional Homecoming and Armageddon festivities. The council also sponsored the sale of lollipops for the Heart Fund during February, Heart Fund month. Most important, however, through organizing and implementing these activities, students received the practical lessons in democratic government and parliamentary procedure that are essential for good citizenship.

Reaching Out

Christ commanded His disciples to love one another. The Andrean Christian Service Club, led by Sister Carol Marie, acted as a witness in our midst to His command. As in previous years, the club conducted the Thanksgiving Food and Christmas Toy Drives to help the poor and unfortunate. Club members also sang carols at the Carmelite Home and Sebo's Nursing Home during Christmas time and implemented a pen pal program for lonely senior citizens. For the second year, the club successfully sponsored Project Joey, the CYO Clown ministry program. To many well-earned accolades, ten new clown "graduates" along with veteran "alumni" provided delightful entertainment to groups ranging from

Sharing Et Caring

To help the church in its task of spreading the Gospel and alleviating the plight of the unfortunate, the Mission Club coordinated various efforts to raise funds for missionaries all over the world. Guided by Sister Daniel, Mission Club representatives paced up and down the aisles of their homerooms in search of donations on Thursdays and all school days during the Thanksgiving, Christmas and Lenten seasons. Teachers and representatives aided the club's work by devising incentives to increase student contributions. As an extension of their fund-raising endeavors, the club also sold Valentine carnations.

HARBINGERS OF JOY

Organized for the purpose of benefitting retarded children, the YARC Club specialized in making people happy. Nearly fifty members met under the direction of Sister Paul to make invitations, plan games, and organize parties to make the children feel wanted and important. The club planned activities for Halloween, Christmas, Easter, and a June picnic. For the sake of the children's enjoyment members dressed as Santa Claus and played the Easter Bunny at an Easter egg hunt.

WHIZ KIDS

Under the direction of Sister Edith, the Cardinal Flahiff Chapter of the National Honor Society honored Andrean students who attained a minimum 3.75 grade point average and manifested excellence in the areas of character, leadership, and service. The January induction ceremony added 21 juniors and 20 seniors to the total membership ranks bringing the total to 57. For the most part, the NHS concentrated on being an honorary society, leaving members free to continue the activities which initially merited their membership. However, members served as guides at the Parent's Club open house in September and as ushers for the Baccalaureate Mass and commencement in June.

Information, Inc.

Devoting 20 to 25 hours to each issue, the Acropolis staff churned out six top-quality editions this year. Moderator Mrs. Dakich and co-editors Darlene McDonald and Jane Curley strived to get as many students as possible to contribute the articles and features which informed the faculty and student body of vital issues. Special features such as student polls and personal messages heightened student interest. Staffers also attended journalism conferences during the year to hone their reporting skills.

AAA...TO...ZZ!

Contrary to popular belief, this yearbook did not just appear out of the windows of room 107; it was painstakingly created page by page, line by line, word by word, and letter by letter by a slightly insane yearbook staff who sacrificed many long hours to take the photographs and compose the words that you see here. In the face of much tension, frustration, and confusion, the infinite patience of co-moderators Sister Jeanne Ambre and Mrs. Given helped the sometimes perplexed and hurried staff through the maze of cutlines, copy, quad-paks, and assorted other minute things which complicated our task. Now that everything is counted, typed, and printed, our masterpiece is yours to peruse at your leisure, to share with your friends, and to pass around for signatures. Enjoy!

CREATIVE EXPRESSION

The Drama Club under the expert direction of Father Kelly had another hit this year. Casts and technical crews devoted many long arduous hours to make this year's two productions, the comedy God's Favorite and the musical Pippin smashing successes which delighted large audiences. Guided by moderator Mr. Listro, the Art Club provided students with opportunities to further exercise their artistic talents. Highlights of the year included a masquerade Halloween party and a Pumpkin-carving contest.

WUNDERBAR!

For the second year, the German Club gave students a greater appreciation of German culture. Led by Mrs. Pete, the club conducted two bake sales to raise funds for the club's activities. A festive party marked the Christmas season. Spring activities included a basketball tournament against the other language clubs and a trip to Chicago.

Activity Productivity

Although a new organization at Andrean this year, the Business Club delved right into engineering activities for itself and the entire school. Guided by moderator Sister Daniel, the club süccessfully initiated the Mother-Son Dinner Dance and also assumed responsibility for preserving an Andrean tradition, Daddy Date Night. In a spirit of gratitude and sharing, members organized a Christmas party for the faculty and administration. As an internal club activity, members had a glimpse of the vast business world in tours of the first National Bank and the Metropolitan Building in Chicago.

Chess-Mates

A growth of interest and several new members marked this year's Chess Club. Moderator Mr. Giorgio and members met every Monday in room 219 to engage in silent battles of wits over the checkered boards. As a modern twist to the medieval game, members experimented in playing with a computer that plotted each move. Two matches against the Merrillville chess team provided additional challenges to their chess-playing skills.

CELEBRATING THE CLASSICS

Long live Rome — and the Latin Club. Under the guidance of Sister Paul, the club contributed a touch of ancient Roman traditions to life at Andrean. Members gathered in December to celebrate Saturnalia, the Roman mid-winter festival, and reenacted the assassination of Julius Caesar on the Ides of March. In addition to commemorating holidays and historic events, members dressed dolls in Roman costumes and performed skits at meetings concerning various aspects of Roman culture. Ultimately, however, the Latin Club aimed to generate interest and enthusiasm for Roman life and culture outside of the formal classroom environment.

Fiesta Time

Directed by Mr. English, the Spanish Club immersed itself in the many varied aspects of Spanish and Latin American cultures. Beginning the year with a picnic which united the Spanish Club "familia" of both new and old members, the club continued its activities by celebrating Spanish Masses during Christmas and Lent. Highlighted by Spanish disco and the traditional breaking of the piñata, "La Fiesta del Año Nuevo" greeted the New Year. NOTRE CERCLE

Vive la gloire de France! With the helpful advice of moderator Mrs. Hanas, the French Club learned French Christmas carols and customs. In February, the club celebrated Mardi Cras New Orleans-style, complete with festive masks, crepes, chocolate mousse, and a parade through the halls. In spring, the club dined at a French restaurant in Chicago and viewed the works of French artists at the Art Institute. The club also engaged in a local "international" rivalry, playing other language clubs at basketball.

Musical Momentum

Thriving under the new direction of Mr. Watts, the band contributed fine instrumental music to life at Andrean. In addition to top notch performances at the Christmas, winter, and spring concerts, the band blew a vivacious note into pep assemblies and home football and basketball games. For the first year, the rifle corps added a new dimension to football half-time shows. Beyond the school, members took several firstdivision ratings at the NISBOVA contest at Lew Wallace, entertained the public in the Hammond Christmas parade, and went on the traditional tour of the Catholic grade schools.

Searching Beyond...

Approximately twenty inquisitive minds gathered in room 223 every other Monday to probe the mysteries of the universe. Led by moderator Mrs. Giorgio, Science Club members dissected the internal organs of animals, grew several types of crystals, and watched videotapes on human anatomy. Highlights of the year included a five mile nature hike through the marshes, bogs, dunes, and beaches of the Indiana Dunes National Lakeshore and a field trip to the Museum of Science and Industry in Chicago. Through its activities, the Science Club aimed to give students at Andrean a deeper appreciation of all aspects of science.

CALCULATED EFFORTS

In addition to the comprehensive slate of mathematics courses offered at Andrean, the Math Club provided students further opportunities to delve into the realm of numbers. Under the direction of moderator Father Doser, members attempted to find solutions to challenging problems to add points to their mathematics average. In October, members also toured the computer facilities at Purdue Calumet in Hammond.

Filled with the Spirit!

Where you'll find an abundance of school spirit, you'll always find the Booster Club. Under the leadership of Miss Bombassaro, the club promoted pride in Andrean and our athletes. In order to raise student morale, the Boosters created and performed skits at pre-game pep assemblies, painted signs to elevate school selfesteem, and sponsored bus excursions to basketball games. Rousing Rhythm

Always there to entertain the home game crowd were the enthusiastic Ninerettes. Hours of practice and dedication insured precision routines. ICO MON

Pitted against a line-up of stiff competition, the Andrean Hockey Team skated to a rough season of three wins and nineteen losses. The young club was plagued by inconsistency and a lack of experience. However, the team produced outstanding players in Greg Babicka, Chris Doolin, the outstanding defenseman, and Terry Huffman, who all received the honor of being nominated to the league All-Star team, for which Ted Drakos was elected as one of only three goalies. Snow People

Due to a winter which began with little snow, the Andrean Ski Club got off to a slow start. However, with moderators Mrs. Gilbertson and Father Martin, the club managed to plan and participate in excursions to Alpine Valley, Cannonsburg in Michigan, and Wilmot in Wisconsin. Not limiting its activities to skiing, the club gathered to watch films on ski techniques, and also listened to guest speakers from area ski lodges who informed the young club about hazards and safety, as well as about group skiing opportunities.

PORTS

It's Our Racquet

Although the tennis team got off to a slow start, the setback didn't affect their season performance. They pulled their initial 1-4 record to a better than even 9-8 final record. The team was led by Oscar Blando who received the distinction as Most Valuable Player for the second year in a row. He was the number one singles player with a record of 12-4. Others who paced the team were Most Improved Varsity Player Bryan Botsch and Most Improved Player for Junior Varsity, John Mahan.

TOP RICHT: Dana Velligan volleys the action downcourt with a forehand shot across the net. CENTER: Helen Bizadellis dishes out a powerful return in response to her opponent's serve. CENTER RICHT: Keeping on his toes, Bob Szmutko backhands a high ball. ABOVE: Niner Rahul Somani smashes his serve crosscourt as teammate Brian Botsch readies for the returning net volley.

Niners Overrun the Country

Finishing fifth in Sectionals and seventh in Regionals, this year's cross country team improved greatly over the season. Paced by Bill Parks and front runners Dan Duffy (second year Most Valuable Player) and Loren Rachford, the Niner team broke even with a Varsity record of 6-6. Father Ward, the team's coach, awarded Tom Erdelac Most Improved Player for the season. If an award was to be given for self-improvement and determination, the 1979 cross country team would surely deserve it.

TOP RIGHT: Determination, concentration, and stamina add up to a successful race for Tom Erdelac. CENTER LEFT: It might be a lonely trip to the top but Steve Pleva knows it's worth the work. TOP CENTER: What looks like a line-up for a frisk is only perfunctory warm-up exercises. ABOVE: Conditions may not always be ideal but the cross country team always puts forth its best effort. BOTTOM CENTER: The hours of hard work and preparation for the runners ultimately lead to the resounding blast of the starting gun. LEFT: As a prelude to the day's race, the Niners warm up with a few bend-and-stretch exercises.

We Tried Harder

Pitted against the best teams in the area, the Niners produced a team with strong will, determination, and high hopes. Unfortunately, the cumulative record of 3-7 was not as impressive. The highlights of the season were a Homecoming victory of 22-14 over Wirt and a thrilling double-overtime struggle ending in a narrow defeat to Lake Central. Chosen Most Valuable Player, Mark Holcomb won a position on the Hammond Times first team. Other outstanding players were Peter Svetanoff, Best Offensive Lineman; Andy Attar, Most Valuable Offensive Back; Pat Battistini, Best Defensive Lineman; and Terry Bellot, Most Valuable Defensive Back. Terry Babilla was honored as the team's Most Improved Player.

Overtime Effort

The Reserve Football team opened their season with two exciting overtime victories over Chesterton and Lew Wallace. Pete Shakula kicked a 27 yard field goal to cinch the victory over Lew Wallace. In an overtime battle with Munster, Jim Dailey made a one-yard plunge on the third down to break the 0-0 tie. Coached by Mr. Lobdell, the team finished the season with a 4-5 record. Bob Wilczynski, Most Valuable Player, and Jim Dailey, Most Improved Player, led their teammates in a season which was characterized by strength, strategy, and vigor.

Fresh Foot Forward on the Field

For 32 Freshmen, their initial experience of football at Andrean gained for them a record of 2-5. Under the direction of new coach, Mr. Morgan, the team learned fundamentals that they will carry through their 4 years of football at Andrean. Mike Lovich was Most Valuable Running Back. He tallied 8 touchdowns and rushed for 500 yards. Ron Grammas, who successfully blocked two punts, was Most Valuable Lineman. Defensive linemen Tony Degani and Mark Ribordy both had over 50 tackles to their credit.

Playing the Fairway

Hard work, enthusiasm, and twelve dedicated girls who attended almost daily practices made up the 1979 Girl's Golf team. With the help and encouragement of head Coach, Mrs. Landeck and her two assistants, Mrs. Sawyer and Mrs. Chelich, the girls shot a 4-7 season. Kathy Walsh was chosen Most Valuable Player. Kathy's best score of the year was a team low of 44. Lynne Henderlong earned the honor of Most Improved Player. Lynne shot an impressive 95 strokes for 18 holes in Sectionals.

The Net Setters

Colorful new uniforms and a sizzling record of 20-4 made the 59'er volleyball team a real crowd pleaser. The Niner netters were led by Senior standouts Dawn Wallace. Pam Mucha, Gretchen Wellman and all around top performer, Most Valuable Player and captain of the team, Claire Pavlik, Juniors Kathy Pawlak and Mary Clark helped the girls to maintain their winning record. The largest home crowd of the season saw the team defeat Portage 15-7, 15-3. The reserve team, coached by Mr. Paul English, had an excellent season as well, closing with a 14-6 record. Most Valuable Player, Madeleine Costanza, and Most Improved Player Aimee LaMere, helped boost the wins far ahead of the losses.

SE STATE OF STATE OF

FINAL FOUR!!!

If an award could be given for Most Valuable Team in the history of Andrean Basketball, it would be quickly awarded to the 1980 team. Season wins mounted in rapid succession with one sad (but perhaps fortunate) exception: Merrillville. The team was faultless: Dan Dakich could score from unreal positions on the floor or in the air; Jim Bullock had only to stretch his fingers to score; Ray "Buzzy"

Gough bounced buckets off the backboard brilliantly; Mike Paulsin and Kevin Page easily moved the ball downcourt and selflessly into the hands of a scorer; Dan Hanlon grabbed rebounds from opponents' hands taller than himself and sank shots from far outside. Coach Mr. Rogovich had the makings of a spectacular season and engineered them into our first-time-ever Final Four team. And they had fun, too!

TOP LEFT: Ray Gough's defensive decision to blind his opponent results in a ball ready for the taking. TOP CENTER: The Trojans can find no effective defense against Jim Bullock's powerful slam-dunk. TOP RIGHT: Kevin Page jumps into and above the crowd to backhand a shot to the rim, LEFT: Poised for the rebound, Dan Dakich and Mike Paulsin await the outcome of Ray Gough's shot off the backboard. SECTIONALS REGIONALS

Andrean basketball fans will not soon forget half-time of the Bishop Noll contest with the Seers 12 points behind. A super rally by a never-say-die team left us 2 points ahead at the end. In the evening pairing with Wallace the Niners were a confident 12 points ahead at the half. At Mackey Arena the next weekend Carmel was flattened and Lafayette Jefferson kissed good-bye to victory while our No. 5-ranked team brought us to a 20-game winning streak.

SEMI-STATE STATE

Riding on a tremendous enthusiasm generated by confidence in Andrean's best team ever, peo passemblies that brought even hard-core apathy to its feet, and unbelievably favorable press coverage Andrean traveled *en masse* to Indianapolis for the final four competition. Pride was never higher: at 16 points behind, one point ahead, and even after the final score was sealed. New Albany was the victor — but Andrean was the winner.

A for Effort

Mr. Edwards and standout players such as Most Valuable Player, Chris Kaminski and Most Improved Player, Bob Thompson led the Reserve team. With a deceiving record of 8-12, the team played well and won against Calumet in the Holiday Tourney before losing to Lake Central in the second round. The Freshman team was coached by Mr. Morgan and helped by Most Valuable Player, Ted Karras and Most Improved Player, Bill Rodriguez to a final

Coached by Mr. Ralph Iatarola, this year's wrestling team struggled through a difficult season. The team was handicapped by injuries to grapplers Pat Battistini and Terry Bellot. Heading the list as star Niner wrestlers were seniors Mark Holcomb and Darryl Collins, each with personal records of 19-5. Juniors John Carter, Steve Martin and Greg Thomas improved steadily throughout the season. The Reserve team, under the direction of Mr. Lobdell, finished with a record of 3-8.

Under the skilled coaching of Mr. English, the girls' track team exhibited much ability, enthusiasm, and desire. Despite a lack of experienced competitors, the team showed much promise. Sophomore star and Most Valuable Player Karen Buncich gained third place in the running long jump at Sectionals but a knee injury sidelined her for Regionals. Other bright spots included Rose Kesel, the Most Improved Player in track and Sue Wilczynski, the Most Improved Player in field.

Excellence Qualifies

Although beginning the season lacking practice space and missing several athletes involved in the state basketball tournament, the boys' track team, under the direction of Mr. Billick, overcame its initial handicaps to qualify twenty-two athletes for the sectional meet and score in six of the eleven events entered. Dan Hanlon, chosen Most Valuable Player in field, progressed to the state finals in the high jump. In addition, the team broke eleven meet records in outdoor track. The Most Valuable Player in track and field, John Barton, the Most Valuable Runner, Jim Bullock, and the Most Improved Runner, Bill Parks, rounded out the leadership ranks and contributed to the team's success.

Winners Line Up to Bat

A baseball season that started on the crest of the wave of enthusiasm generated by final four basketball progressed to win the first baseball sectional in Andrean's history. Coach Mr. Dave Pishkur set the team's goal at 20 wins — a goal reached by the second game of Sectionals. Assistant Coaches Dar Cox and Joe Mustafa helped fashion the team. which included five varsity basketball veterans, into a winning combination ready to earn the best 59er baseball record: 21-8. The Reserve team, led by new coach Mr. Listro, batted in a record of 2-8.

Drive a Hard Season

Although plagued by inconsistency throughout the season, this year's golf team, under the guidance of Mr. Szot, showed some rays of hope. Enthusiasm prevailed from the beginning when twenty-five aspiring golfers tried out for the team. Only the best made it, with Most Valuable Player Kevin King and Most Improved Player Tom Matovina leading the pace. To provide fuel and stability for a good season, the team looked to veteran golfers Terry Babilla, Mark Thiros, and Bob Szmutko. Highlights included a score of 162, the lowest of the season against Boone Grove and a score of 165 against Griffith in the final match of the year.

Four years of high school are the end of a rour years or high scannol are the end of a beginning. We have progressed through the alphabet: Algebra... Biology... Chemistry ... Dating... Effort... Friendship... Kindness... Laughter... Responsibility... Service... Tolerance... Yesterday... and now we come to Z. Where to from here? There's no better place to start than at the beginning: back to A — square one, but on a different level. A for adulthood.

ENIORS

At the Beginning, we were just a Couple hunDred fr Eshmen whose only common bond was a new school. As we come to our Final year, we can reflect on how we have become closer as a class. By having to tackle such subjects as Geometry and PHysIcs, we have learned to help each other ad Just to life at Andrean and grow in KnowLedge. By sharing in the Many activities of AndreaN - sports events, dances, assemblies, excursiOns - we have taken Part in victories and defeats; we have experienced many personal friendships and breakups. Throughout the four years, we have acQuired a certain unity Resulting from our class SpiriT dUring such eVents as Armaggedon and assembly roll call. As We come to the end of our fourth year we can reflect on the eXperiences we have had and how each of them brings us closer to the maturit Y that we need to face the world after Andrean. The Class of 1980 is now ready to Zoom into the 80's.
